Play'n GO launches 2 new Slot Games

Play'n GO, developer and supplier of cutting-edge software and solutions to the online gaming industry are proud to announce the release of 2 new slot games.

Dragon Ship

This striking 5-reel, 15-line slot game offers adventurous players the chance to embark on a daring sea voyage with the Vikings in their dragon ship. The game supports full screen background video and enhanced sound effects.

Riches of Ra

The Egyptian sun god Ra lights the way to riches in this 5-reel, 15-line slot game.

When wild symbols stack up to fully cover reels 1 and 5, the player is rewarded with 15 free spins, during which the wild reels remain stationary to generate greater excitement with the potential to win more.

“The games just released are two of our most sophisticated slot games ever developed and we are very happy to have them ready for launch with selected customers”, says Johan Törnqvist, CEO of Play'n GO. “Furthermore the games will be adopted for the mobile channel and become part of our strong portfolio of mobile games”

Play'n Go will continue to broaden its portfolio of games and 3 more slot games are scheduled for the next release in early 2012. The games are available under “New Games” at;
