## ACTION AND ADVENTURE

Play'n GO creates a wide variety of forceful games to thrill game lovers from around the world! With power from Play'n GO, the sky is the limit when it comes to the bingo games, casino games and other games of luck and skill you can convey to your customers on computers, mobile phones, interactive televisions, and video terminals. Play'n GO's broad selection of multiplayer and single-player games can be offered within a complete online bingo hall or casino. The games are also available in smaller format if you wish to add a bracing blast of excitement to your main operation.

## FASTER THAN A SPEEDING BULLET

Games by Play'n GO are on the scene in a flash! The player simply clicks on a game and is ready to fly! No download required. The chosen game or game room opens instantly. Just click PLAY and go! When it comes to fast action and speedy delivery, Play'n GO's game developers are just as quick as the games themselves. We meet with you to shake hands, learn your business objectives and get all the crucial details of the mission at hand. Then we're off! Our gaming pros strive to create the games and systems you envision and report back to get your feedback on all the particulars so you can rest easy, knowing your plans are proceeding straight on course.

## ANYWHERE IN THE UNIVERSE

Play'n GO assists you wherever your markets. Offer your players the ability to experience the joy of gaming and the fun of chat in their native languages. Each game application is comprised of separate text and audio files that can easily be translated into any language or local dialect. Allow players to make convenient purchases in their national currencies, through exchange rates updated daily. Display the ever-growing values of your multicurrency progressive jackpots as they increase like magic through purchases made in the games and operations you determine. Inspire your players to look up and dream!

## ASTONISHING POWERS

Endow your players with super amazing abilities! Applications start by presenting players with an intuitive interface so they can always dash straight to the action! Games then equip players with smart functions that make the online gaming experience effortless and rewarding. Your players will be leaping from wishing to winning in a single bound – never missing a single bingo, blackjack or bonus round!

## A COLOURFUL, DISTINCTIVE OUTFIT

Systems from Play'n GO prioritize quick-change ability so you can swiftly adapt your gaming operation to attract and keep players. Amaze players with your versatile game selection and your bold, full-bodied themes. Colours, logos, backgrounds – the choice is yours! Let Play'n GO help you create a striking, dynamic gaming web site and interface for your operation. Choose from a large selection of skins or trust Play'n GO designers to stitch together an entirely unique, tailor-made outfit to wow the masses.

## SERVING AND PROTECTING

Inspire your players to enjoy the action in the exciting world of online gaming, but protect vulnerable players from overdoing it with the responsible gaming tools incorporated into Gaming Administration Toolkit (GAT), the powerful back-office system from Play'n GO. Set general or individual restrictions to limit the time and money your players spend within your operation, or allow players to set their own limits. You can also use exclusion or self-exclusion to shield endangered patrons. A morally sound business manifests an inherent strength customers trust!

## BOUNDLESS STRENGTH

Play'n GO's robust gaming systems have the power to support thousands upon thousands of concurrent players with ease. Systems are scalable to handle a limitless number of players in different areas of your operation.

Play'n GO developers are experts in integration, making Play'n GO's systems renowned for their uncanny ability to stand out as well as blend in. Any of Play'n GO's flexible, modular systems can be seamlessly integrated with your existing online operation and customer database.

You have the muscle to manage all your games, customers, affiliates, payments and marketing activities through one all-integrating system: Gaming Administration Toolkit (GAT) from Play'n GO. Just open GAT for easy access to information and functions that power the vital areas of your business. With a single registered account, each of your players can smoothly soar from game to game to fully appreciate your entertainment destination in its entirety.
